Delta Corporate Services

A Boutique Recruiting and Staffing Firm

Recruiting as a Service (RaaS)

OVERVIEW

Delta's Recruiting as a Service (RaaS) offering helps businesses budget recruiting costs while solving their staffing needs.

This offering is especially attractive to small and start-up businesses with cash flow limitations because it allows companies to retain Delta's services on a monthly basis and apply the retainer fee to greatly-reduced permanent placement fees.

Recruiting as a Services allows companies the time to get back to growing and running their business.
